Your Character Here sales are an option for you to get a discount on a piece or without having to think of an idea. These can't be edited beyond the blending of character into the pre-designated background, species, and pose alterations should the YCH allow it!

Illustrative YCH allows for greater pose changes

These come usually as UNFINISHED EXAMPLES as I prefer to draw the piece in my most current art style and skill level. Pre-Finished ones are a limited time run and if not purchased, will be used for myself!

PLEASE ignore the prices on the images, they are DEFUNCT! All Current YCH will be appropriately marked

To claim a Your Character Here, please contact me through my websites or directly to my email to claim the piece as well as send references and information you might have

SFW works

18+ NSFW works

Can be either!

🌈 Changes to most YCH poses/bases are a GO, unless I specifically say otherwise! Extreme changes will inquire additional charges so please do not be surprised

🌈 One-off YCH will NOT be replicated once sold, do not ask! Multi-slots will be marked accordingly

🌈 Payment **MUST** be sent before I begin work either in full or if over 150\$ sent in partial payments over time. If you do not pay nor reply to inquiries during discussion about the sale, anyone else who claims it or was inquiring will be contacted and you issued a final warning

🌈 I can add additional little snippets such as internals or funny oreplay/aftercare doodles for an additional cost if not already included upon immediate purchase (These will be drawn in the same style as the YCH)

🌈 First come first serve for all sales unless specified as an auction or multi-slot. I do brief holds if you are genuinely interested, these have to be discussed up front however

🌈 Do NOT use the art, designs, ect to train AI or use as NFT's or sales

🌈 Do NOT grab the YCH to be used for profit for yourself as merch or such. If you wish to do so, please discuss with me directly and we can figure something out or I could even do custom work!

🌈 Feel free to use YCH art for non-commercial work such as personal D&D campaigns, roleplays, ect

🌈 All YCH by me that are visibly underage characters or portraying them in any

sense, non-sapient animals, ect are to be kept SFW EXCLUSIVELY.

 My usual TOS for all of my art also applies!

Honestly, just have fun and be considerate of basic moral standards and if you have a question, ask! I prefer my terms to be lax as is possible and laid back enough to not constrict but I also don't want my brand or creations tied to genuinely uncomfortable and illegal things

Upon purchase, you choose the quality you would prefer that is offered for each YCH and pay up front or if over 150\$ you can do a payment plan that can be discussed

All come with what is shown and discussed unless specifically said otherwise. Style of commission will be in the styles offered, or the style used to draw the “base” of the YCH (Lineless gets lineless, for example)

These are all not entirely strict about the SFW rule! They can be made NSFW per the clients request, but are simply posted and processed as SFW for sake of ease

We are willing to draw just about any character, be it human, feral, anthro, mecha, ect. PLEASE be up front about showing complexity of character before claiming the YCH as I might *have* to raise the price just for my own time spent if it will take me much longer than expected

This said, simplistic characters will NOT be a lower charge! Sorry! The price is for the base of those easy for me to draw and goes up from there but everything WILL be discussed beforehand!

Questions can be sent to me by email or messaged on one of my sites
