

Lesson Plans

Monday	Tuesday	Wednesday	Thursday	Friday
Module 2 Topic B - Solve one-step word problems involving metric weights within 100 and estimate to reason about solutions. - Decompose a liter to reason about the size of 1 L, 100 mL, 10 mL, and 1 mL. - Estimate and measure liquid volume in L and mL using the vertical number line. - Solve mixed word problems involving all four operations with g, kg, L, and mL given the same units.	Module 2 Topic B - Solve one-step word problems involving metric weights within 100 and estimate to reason about solutions. - Decompose a liter to reason about the size of 1 L, 100 mL, 10 mL, and 1 mL. - Estimate and measure liquid volume in L and mL using the vertical number line. - Solve mixed word problems involving all four operations with g, kg, L, and mL given the same units.
