

FALL 2024

Frederick Community College (FCC)

BIOTECHNOLOGY INTERNSHIP PROGRAM

Frederick County Public Schools High School Juniors & Seniors

Fall 2024 Semester • Mon., Wed., and Fri. • 12:00 - 3:00 p.m.

August 24 - December 18, 2024 • No Prerequisites

Participate in an internship that could lead to high-wage, high-skill, in-demand careers in the biotech industry.

- Earn industry recognized credentialing
- Earn two high school credits that count toward high school attendance and graduation
- Attend your home high school in the morning and FCC in the afternoon
- Earn six dual enrollment FCC credits
- Gain internship experience at the Frederick Innovative Technology Center, Inc. (FITCI), a business incubator and accelerator designed to cultivate entrepreneurship

Participants may continue to a full-time registered apprenticeship through FCC after high school graduation that covers the cost of an associate degree and leads to employment in the biotech industry.

Steps to Apply:

1.  Contact Savita Prabhakar,
FCC Biotechnology Program Manager
sprabhakar@frederick.edu
2. Apply to FCC (frederick.edu/apply)
3. Contact Your School Counselor
