

Disclaimer from Bre

Hi, zine maker! I put together these resources to help you on your zine journey. These are just videos/advice on what I personally do, but always know you can make zines however you see fit. There are no right or wrong ways to go about binding, scanning, distributing, selling, or creating your zines so feel free to use this information as you will. Have fun x Bre

* How to Make Zines on Procreate *

[Make Zines Digitally](#)

* Zine Template - Procreate/Photoshop *

*Make sure you open this in Procreate or Photoshop otherwise this template may come up coded and unable to view

This template includes layers that you can hide after your zine is complete! For a tutorial, please watch the above video “How to Make Zines on Procreate”
