Sydney R.

Tutor
San Antonio Math Include

Sydney is part of the Class of 2025 at Basis San Antonio Shavano. Last year she took Pre-Calculus AB and this year she will be taking AP Calculus AB as an upcoming tenth grader. Math has always been her favorite subject in school and one of her many strengths. She enjoys helping others succeed and always tries to find a way to help others understand material from a different perspective. Outside of academics, Sydney loves to play sports and spend time with friends. Her favorite sport is tennis but she also loves to dance in her freetime. Overall, she is a strong problem solver and would make a great tutor!
