

BOD meeting 3-10

Meeting opens at 7:03

Financials- got report- 12816.79

Next meeting- April 14th at 7pm

Campground scouting- would like to go on Friday 28th for site walk around for potential site date of 10-25-25

Digital stewardship- we are doing good on Facebook, but we now have the availability to create events on Discord. We need to establish someone to be the person to create/maintain that. Kat and Lisa volunteered to do that for Discord.

Noodles asked for more moderators for the kingdom Facebook page, to approve content and friend requests. In the works.

Out of kingdom events are flooding the page, and even our events are being buried by these posts. Noodles and Calaun would like to limit how many posts per week we are getting. Travis suggests that the hype for our events should be at park level, and talk it up and recruit.

Kamonra suggested a calendar for events for the kingdom website, or even posting on TikTok, or Instagram.

Atlas suggested a class/seminar about marketing for monarchy of parks/kingdom.

Potentially talk about new avenue for content/posts other than Facebook at next meeting.

Also, talk about how to "pump up" our ilarp.org for us to be able to give out at events and cons.

Meeting closes at 7:45.
