

## Phonathon

Phonathon is a program to help students financially with the tuition at Rehoboth. I started working for Phonathon this year. I chose this because I love helping others with their problems and trying my best to help them solve it. I did not grow up in a very wealthy family and I myself needed help with the tuition because I could not afford to go to school at Rehoboth. So I decided that I would do my best to help others with the same problem. I chose this because it showed my leadership and also how much I care about everyone else around me. Rehoboth gave me the chance to see the virtue and values of the many things I was doing. Rehoboth also gave me a chance to learn how work. They said that life would be a lot easier if you get a head start and start learning now how to work on your own. So this is why I chose Phonathon.
