

Hey,

Hope you are doing well on this blessed Wednesday.

I am a copywriter, who specialises in video scripts, and I was hoping to do some **free** work for you, in exchange for a testimonial.

You would be getting free scripts to give to your clients and I would be getting some experience.

In the google doc below are a few scripts I have done for businesses I have found online.

Let me know what you think

Best regards,

Abdul
