# *AGENT 47 COMBAT SKILLS*

**MADE BY: KRATOS >>> FICTION**

**In the novel it's stated that Ort-Meyer believed that kickboxing was the perfect martial art to teach subjects, so a lot of 47's techniques will have derived from this martial art. Not to forget, it basically states that 47 has trained in Asian martial arts**

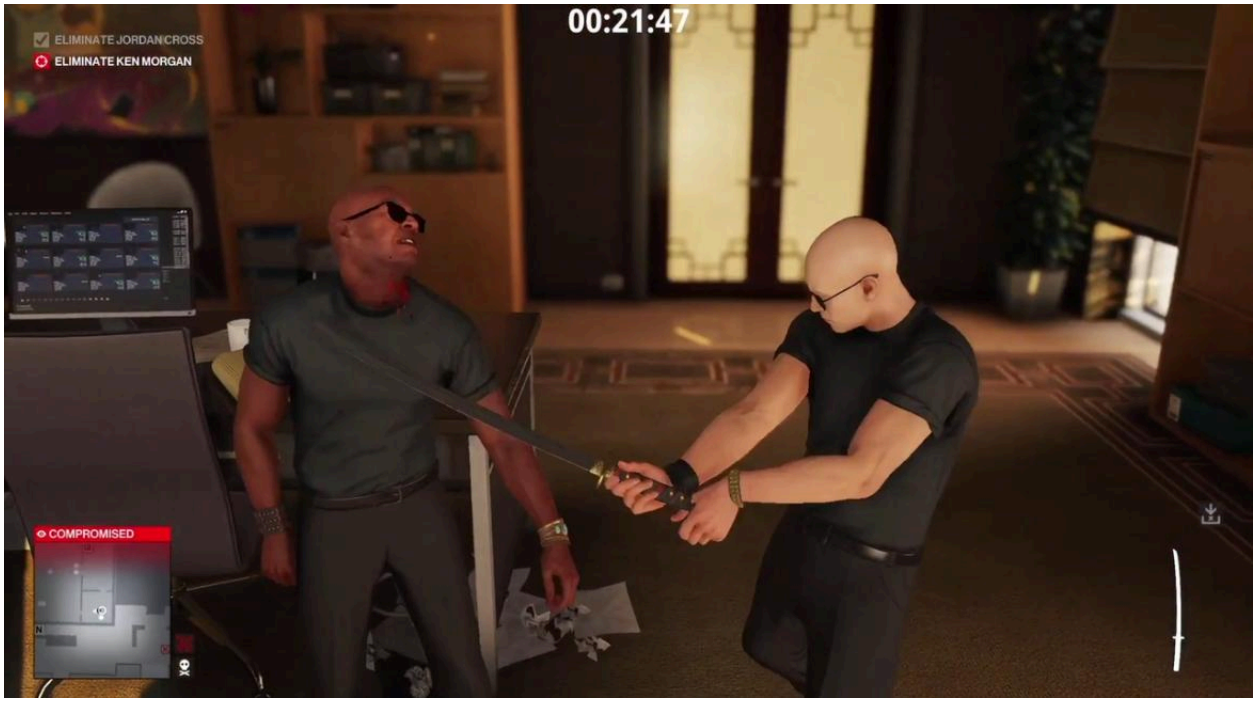

**Armpit lock in Kali before using a knife stab, this applies to the martial art perfectly**

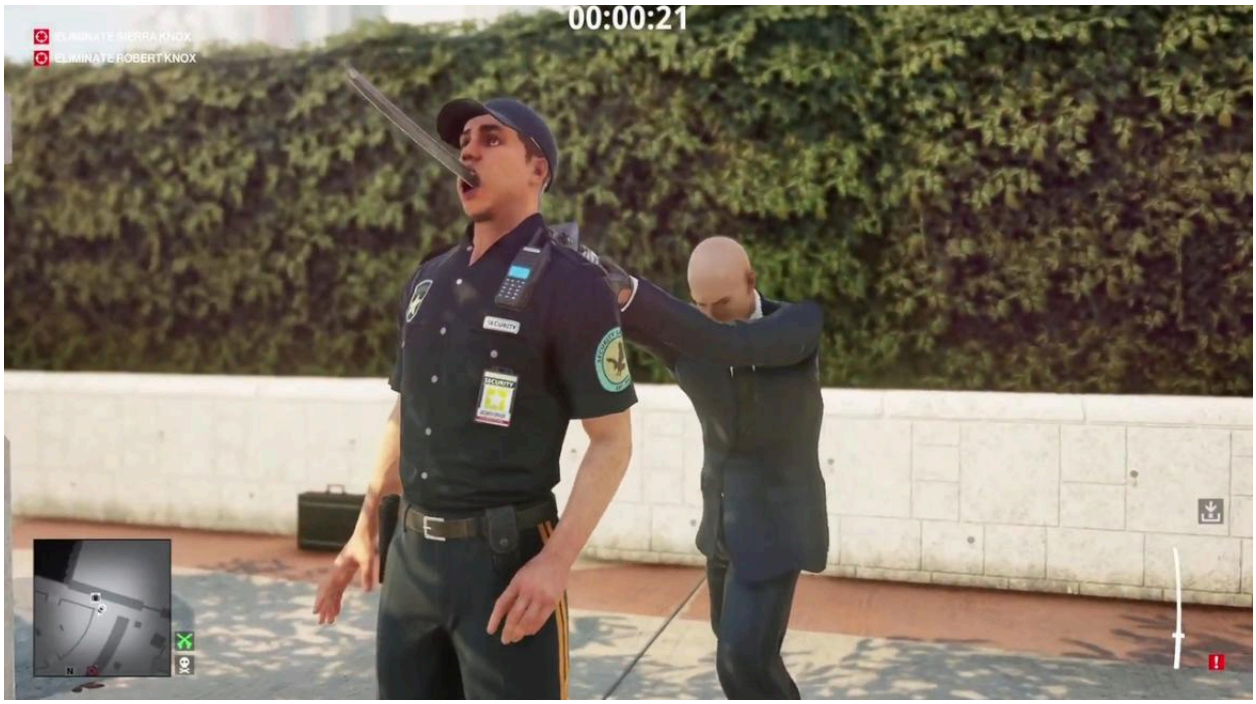

**Clean Katana slashes and stabs originating from [Kenjutsu], the flow and movement of the slashes align with this**
