Re: Invitation from CARP: Virtual Long-Term Care Talk

Dear XXX

I am writing to invite you to participate in a virtual town hall meeting on fixing long-term care in Canada, with members of our CARP XXX Chapter, on [insert date, time].

We expect [estimated number (max capacity is 1,000)] of our members and local seniors to attend. As an elected representative for [riding], your participation in this conversation is critical in saving countless lives as the COVID-19 pandemic continues.

The devastating impact of COVID-19 on our long-term care homes brings into plain view the urgent need for long-term transformative change in this sector. Our members are extremely concerned for the safety of current and future residents, particularly as our population continues to age at an unprecedented rate.

This is an opportunity for you to engage with our members, and with seniors in your community, on how you will be a champion for protecting vulnerable residents in long-term care, bringing their voices and concerns to government.

[Find out about CARP's long-term care advocacy campaign here.](#)

You will be given 3-5 minutes to address our audience, followed by a 50-minute question and answer period. We request that you focus your remarks on the current state of long-term care in [insert province], and your party's plans to address its challenges in order to safeguard our vulnerable elders.

We hope you will be able to join us on [insert date, time and location]. **Please email us at [insert email address] to confirm your participation.**

Sincerely,
