

SL: Have you ever considered this thought?

Hi Matt,

It's pretty concerning to see male loneliness on the rise, but I genuinely believe someone like you could make a difference for the men out there who truly need it.

You strongly put the modern-day issues that many men face these days into a clear picture to open their eyes (especially divorce). I'm sure your audience appreciates your insights.

Unfortunately for you...

It turns out you're missing out on some game-changing IG captions that convert those interested buyers into loyal customers, keeping the conversion rate at a low.

Let me break it down for you. I was thinking, "How can I help you fix this pesky problem?" And guess what?

I generously decided to create an IG caption that'll nudge your audience to take that all-important next step in their buying journey, just to show you what I mean.

Scroll down and judge for yourself!

I'm confident this is going to get most of your audience's attention to your 33 'secrets' course, and to your business as a whole.

Try it out if this is something you need!

If this helps, I have a few more ideas in my head that I'll share with you.

So what do you say? Want me to show you more? (just reply "yes")

Cheers,

John P. Goedkoop

P.S. My sneaky evil plan is to create something so valuable for you that you'll fall in love with my work to get you to work with me... *don't tell anyone* 🤪

Pick-up artists have been around for a very long time.

They know exactly what to say, how to say it, and when to say it.

They've all got certain blueprints that create short intense emotional states with literally any woman they see.

It's so absurdly powerful that even the rich, the famous, and the incredibly good-looking can't compete with this group of people.

And believe me when I say that most pick-up artists look like half-decayed toads...

Bald, short, out-of-shape, or even missing a limb ... that's not a joke by the way. An old student of mine, born WITHOUT legs, in a wheelchair, ended up rolling himself back to his apartment with a smoking hot French 10, and lost his virginity. True story. Stupid, right?

Pick-up artists are simply a group of people who know what you don't. That's it!

And for the next few days, I'm giving the next 250 yet-to-become pick-up artists an in-depth, easy-to-follow blueprint to share everything.

The last time I did this, hundreds of men became certified pick-up artists enjoying a lifetime of success with stunningly hot women (including the wheelchair guy).

Don't miss it.
