

I Know Places

Taylor Swift

Em C Am Bm

Em C Am
You stand with your hand on my waistline
Bm Em
It's a scene and we're out here in plain sight
C Am
I can hear them whisper as we pass by
Bm
It's a bad sign, bad sign
Em C Am
Something happens when everybody finds out
Bm
See the vultures circling, dark clouds
Em C
Love's a fragile little flame
Am Bm
It could burn out, it could burn out

Em C Am Bm
They got the cages, they got the boxes

And guns
Em C Am Bm
They are the hunters, we are the foxes
And we run

G D
Baby
Am C
I know places we won't be found and
G D
They'll be
Am
Chasing their tails
C
Trying to track us down
G D Am C G D Am
'Cause I know places we can hiiiiiiiide

C
I know places, I know places

Em
Lights flash

C Am
And we'll run for the fences

Bm
Let them say what they want, we can't hear it

Em C Am
Loose lips sink ships all the damn time

Bm
Not this time

Em C Am Bm
Just grab my hand and don't ever drop it
My love

Em C Am Bm
They are the hunters, we are the foxes
