

Features, examples, movies of us at work ...

Organize all the photos from 100 external HDD or Memory sticks that you filled up during years and years of making photos. I organized 200.000 of my personal photos

- Navigate,
 - Intelligent Upload (keep track of each photo id and URL for future apps),
 - Share,
 - Sell,
 - Create movies,
 - Include in apps
 - Find faces,
 - Detect landmarks, labels
 - Detect duplicates
 - Time Travel - See the pictures made before and after you :-)
