Ohio Revised Code Section 3327.02 provides districts the option to offer payment in lieu of transportation to parents. This option is based on examination of existing schools bus routes, school time schedules, student resident location, available school resources, and upon establishing that the above named pupil is eligible to receive transportation. Strongsville Board of Education has declared by Board resolution that transportation service is “impractical” for this pupil and hereby agrees to pay the parent or guardian of said pupil the payment in lieu of transportation services. This amount is set by the Ohio Department of Education each year and the payments will be in accordance with the guidelines set forth by the ODE.

**PARENT/GUARDIAN:** I hereby concur in the determination that it is impractical to transport by regular school conveyance and agree to provide transportation to and from school for the student(s) named above for the 2025-2026 school year.

Please check one of the following:
