RULES

- All payments must be made via Paypal. All prices are in USD. Prices are negotiable. There's really no harm in asking but please don't lowball me!
- Slots are first come, first serve. I will be going through messages in order! The faster you reply and the easier it is for me to understand your request will make it easier for you to lock a slot. It's not fair to the others if I stall!
- Please do not make me beg for references! Give me all the images I will be needing to make your commission.

- I will only accept payment when you are happy with the sketch I've provided. I will then lock your slot if you pay me afterwards, and will only begin work once I'm paid.
- I will charge extra if you ask me to do complicated/many things.
- You can ask for changes (Color, minor details, outfit change, hairstyle) while I'm still in the Sketch and Refined Sketch stage. I will only accept corrections and very minor additions when I'm in the Lineart to Render stage. I will not be allowing any changes in the render once I'm in the Rigging and Animation!
- **NO REFUNDS.**
- **You are NOT allowed to use my art for blockchain-related technology, to include cryptocurrency, NFT's, AI training, future inventions in the space, and the like. This is STRICTLY prohibited.**

ADDITIONAL INFO

- **ENGLISH IS NOT MY NATIVE LANGUAGE. I'll try my best but please make it simple for me.**
- I am a person with a disability- I suffer from Reactive Arthritis and both my eyes have cataracts. I can only ask for your patience when you work with me since I am quite sickly.
- I will only be available on the weekdays!
- I will be simplifying all details since that is the artstyle I'm going for. I will also be making things more colorful and vibrant since I like using warmer colors!
- Feedback is an important part of the process! Please be very honest and tell me what you want so we don't waste both of our time.
- I retain all rights to the created artwork (I don't claim any rights to your character!). No trading/reselling/reproducing in any form (the art itself or as merchandise). Use and edit for an icon/banner is fine!
