Our Goals for Student Achievement

Teachers, Parents, Students – Together for Success

District Goals

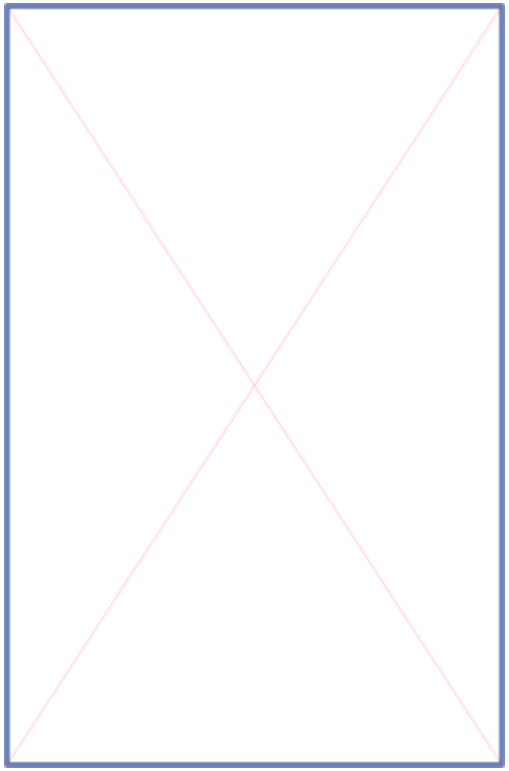

- By the end of the 2026- 2027 school year, Clayton County Public Schools will increase the percentage of students scoring at the Proficient and/or Distinguished levels on the GMAS by at least 8 percentage points in each content area.

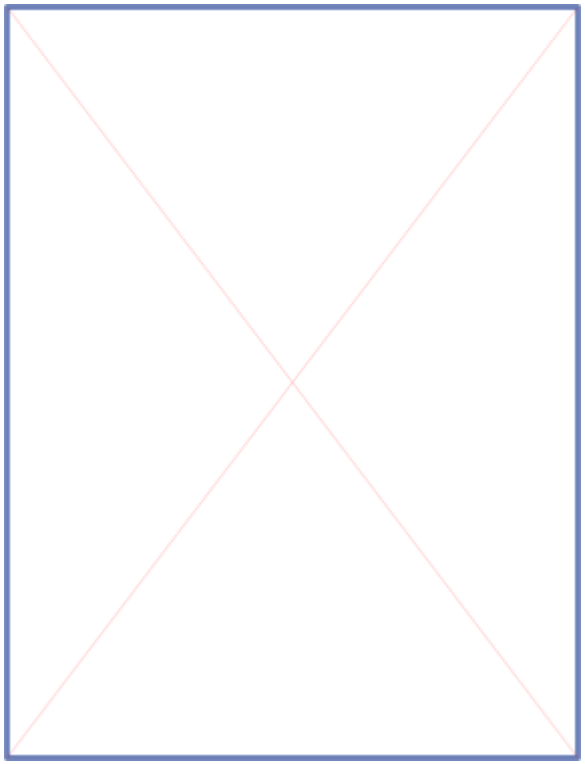

School Goals

To effectively achieve and sustain a culture of high performance in the classrooms, we will enact the following goals by implementing a rigorous curriculum:

- By the end of the year, we will show an 8-percentage point improvement (the percent of students scoring proficient and distinguished) in all tested areas on the Georgia Milestones
- We will improve its Georgia School Climate Star Rating by at least 0.50 stars, with the goal of increasing by one full star, by strengthening a safe and supportive learning environment, reducing discipline incidents, increasing stakeholder engagement, and improving student, staff, and family perceptions of school climate.
- We will show a 3-percentage point improvement in the percent of students absent less than 10 percent of enrolled days
- By May 2027, we will increase its four-year graduation rate by at least 2%

When teachers, students and families work together, we CAN achieve goals!

Lovejoy High School Students

Lovejoy High School students will:

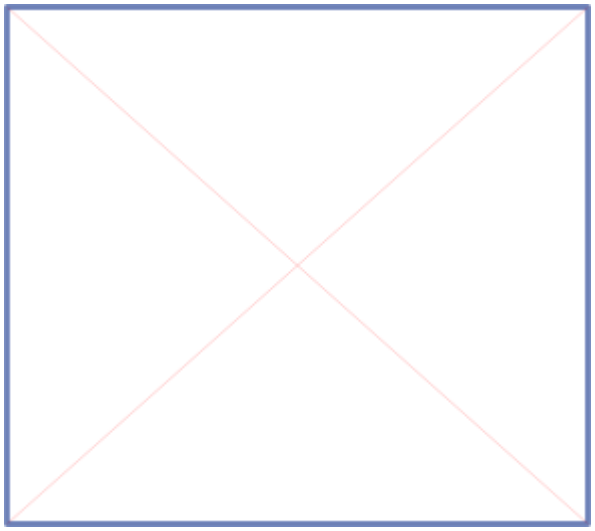

- Complete projects/homework on time
- Be prepared to take National and State Assessments
- Communicate with my teacher for a clear understanding of what is expected of me
- Set aside time to study and read every night
- Use the GMAS study guides to help us achieve our academic goals
- Seek tutoring services when needed
- Adhere to all rules/regulations regarding the school's behavior matrix

What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students and teachers develop together to make sure all our students reach grade-level standards.

Effective Compacts:

- Link to goals of the school improvement plan
- Focus on student learning skills
- Describe how teachers will help students develop those skills using high-quality instruction
- Share strategies parents can use at home
- Explain how teachers and parents will communicate about student progress
- Describe opportunities for parents to volunteer, observe, and participate in the classroom
