

The Church of Jesus Christ of Latter-day Saints

Mendon 3rd Ward

July 06, 2025

Nothwithstanding the trouble, not withstanding the increasingly heavy hand of government, notwithstanding the spirit of arrogance we so often display, notwithstanding the occasional corruption in public office and the betrayal of sacred trust. I MARVEL at the MIRACLE of AMERICA. The land which the God of Heaven long ago declared to be a choice land. GOD BLESS AMERICA for it is His creation.

When we forthrightly declare the truths of salvation as restored through the Prophet Joseph Smith, it will generally have a much greater effect on the hearts of men than if we place our focus on refuting the many falsehoods that have been perpetuated against the Latter-day Saints or against our doctrines.

Elder Bruce R. McConkie
