

Subject line : From poor to filthy rich...

I WAS JUST AN AVERAGE GUY
(5 ft 10, kinda athletic and funny, however, POOR)
working a normal 9-5 in the local Wendy's.

My ONLY flex,

My beautiful girlfriend with who I worked in Wendy's for the past 2,5 years.

I thought we were happy together and believed she was satisfied with our simple way of living in the small apartment we rented

Little did I know I WAS TOTALLY WRONG !

One rainy day a guy pulled up in a black Ferrari.

He ordered from the drive-throw and proceeded to take his order from the front where my girlfriend was working at the moment.

I was mopping the floor, looked up and saw the guy's face.

Nothing special, I would even say I was more attractive than him.

However I could see that he was looking my girl in an affectionate way .

The guy kept coming 2 or 3 times every week for about a month, so I asked my girlfriend if anything was going on with him.

She told me that the guy was hitting on her but there was nothing to worry about.

As days passed though I could sense the feelings she had for me were fainting.

After about a month SHE BROKED UP WITH ME!

You know her excuse??

She wanted a better and healthier lifestyle.

She left me cause I was BROKE

I don't even know if she ended up with the other guy on the Ferrari, however his sheer presence was enough to take her from me

Being devastated as I was I started smoking, became unemployed and depressed

UNTIL

I encountered the source that made me THE MULTI MILLIONAIRE BUSINESS MAN I am today

Took me 2 years to make that happen

Discover and master the tools that made me rich

(if you are wondering, yes she returned but I never accepted her back)
