

Playin' With Fire

Verse 1

Funny like Lucy, got a sparkle in my eye,
Sweet as cherry pie, that's a natural fact,
But push me too far and this Ginger may snap.
Mama always told me, freckles are heaven's art,
A face without freckles is like a sky without stars.

Chorus

I'm hot sauce, fuego, burnin' like a flame,
Sexy like Jessica Rabbit, I ain't playin' no game.
If you're fallin' for a redhead, boy, you best be brave,
I'm not bad... I'm just drawn this way.

Verse 2

I'm Reba when I'm singin', Daphne when I move,
Got that fiery temper but a heart that's true.
Jolene was a redhead, honey don't forget,
Boys been fallin' for our kind since the day we met.

Chorus

I'm hot sauce, fuego, burnin' like a flame,
Sexy like Jessica Rabbit, I ain't playin' no game.
If you're fallin' for a redhead, boy, you best be brave,
I'm not bad... I'm just drawn this way.

Bridge

Kiss me quick or I might run away,
Hold on tight, don't you let go—
Love a redhead, and you'll always know...

Final Chorus (big & bold)

I'm hot sauce, fuego, lightin' up the night,
Freckles like the stars, baby, I shine so bright.
If you're head over heels, boy, you best be brave,
I'm not bad... I'm just drawn this way.

Tag (cheeky ending):

Yeah, you're playin' with fire... But I'm worth the flame.
