Succubus - Yesterday at 9:57 PM
Wut

Fuzzyfurvert - Yesterday at 9:57 PM
just to see who would take the bait

Succubus - Yesterday at 9:57 PM
I do that with this chat
I tell everyone who goes on my phone not to touch Discord. That way I can see who listens or not

Fuzzyfurvert - Yesterday at 9:59 PM
Well, my bait was Bridget from Guilty Gear
so I wasn't playing fair

Succubus - Yesterday at 10:00 PM

Hi Pearple!
Nice to see you live!

Pearple Prose - Yesterday at 10:10 PM
im back from the dead

Zomgling - Yesterday at 10:10 PM
hides his copy of the Necronomicon

Fuzzyfurvert - Yesterday at 10:11 PM
Omnomnomicon is the best story
and not because I'm sleeping with the author

Pearple Prose - Yesterday at 10:12 PM
lul

Fuzzyfurvert - Yesterday at 10:12 PM
it is objektivly good
so anyway
shut up
I'm typing here

Pearple Prose - Yesterday at 10:12 PM
hang on so what are you doing

Fuzzyfurvert - Yesterday at 10:12 PM
We ere in the dungeons?
No
up
above the dungeons
Celesti had done the magic with flutterbats and was Flutterbatlestia
batlestia
Celestshy?
one oif the those
and Luna was with Cadance in their combo form thing
it had a name too
and Chrusalips was taking the Lebian Power stone
it was pink and powerful

Pearple Prose - Yesterday at 10:14 PM
crusted lips

Fuzzyfurvert - Yesterday at 10:14 PM
ew

Pearple Prose - Yesterday at 10:14 PM
kek

Fuzzyfurvert - Yesterday at 10:14 PM
so yeah

Bug Queef Crusty Lips was "ahhhahahahahahaha"ing up a storm in the room where the power Stone Lesbina was at. It was upstairs from the dungeon

BUT Cletiashybat was all like "Hey! Stop that.,"

Chysalia was all like nah"

And then she absorbed the powers of the Lesbianite! It was really power ful. And really bright.

Minio \$ 4 didn't like it cuz she was still trying to sleep?

I think that was a plot thread

Was it Minion4? Someone check that shit.

Eitherway, there was a lot of pink salmonish light and every pony was super surprised. And cuz most of them are young they thought it was like Chyspy was going Super Saying, but no, she was fucking SUPER SHREDDERING

Look it up

so yeah, Chysalis was all big and stuff. "Clestiabat! You are weak and stupid. "

Zomgling - Yesterday at 10:21 PM
I think this just may be Fuzzy's masterpiece

Fuzzyfurvert - Yesterday at 10:21 PM
"I will defeat you!" Celestshy said. She pulled a bunch of magic into her horn winks wings those things

Succubus - Yesterday at 10:21 PM
It was Minion4

Fuzzyfurvert - Yesterday at 10:22 PM
So she pulled in a lot of magic stuffs and her minfs glowed a bunch! "Take this! You are not the master of all Lesnians!"
thank you
I will fix it in post
So
wait

need a nother shot

Succubus - Yesterday at 10:22 PM
Before you continue

This is my new favorite line

Fuzzyfurvert - Yesterday at 10:23 PM
don't make me laugh
it burns

Succubus - Yesterday at 10:23 PM
Sry dad

Fuzzyfurvert - Yesterday at 10:23 PM
it's ok sun
where was i?
Oh!

So, applejass was cereal, but while NO ONE was laughing at that, Chysalip ate more lesbians!
She got so big! It's like a fetish or something
but she got like real big

bubbleboom - Yesterday at 10:24 PM
I'm not gonna be Succubus's mom

Succubus - Yesterday at 10:25 PM
Wut
Who
Where

Fuzzyfurvert - Yesterday at 10:25 PM
but she didn't become a battleship like that anime. That would be cool, but no, this is MY story
So she just got big, not fat
and no guns
sadly

Pearple Prose - Yesterday at 10:25 PM
:3

Fuzzyfurvert - Yesterday at 10:26 PM
buit she she still had those holes in her legs so maybt wshe could shoot goo from those?
I don't knoe
anyway, the ceiling broke

and like dust and plaster and Canterlot's annual budget for repairs rained down on Celestia's head.
She didn't like that
So she did the magic beam thing and went zap apple on this bitch
like
rainbow lightning or some shit
it was cool
but it didn't work!
Chirpse was too big!
Not like Godzilla or anything
just like a bus or something
so
uh
the ceiling that was the back up ceiling broke
and out came Twilight the Sparkle, hero girl of the show!
also Pinkie
but Pinkie is the straight man and I'm drunk so I don't know if she's got lines in this one
might save that for post editing
which sounds like I edit these things but I don't so I'm gonna try it any way
it that breaks immersion, too bad
Twilight shot a thingie of magic at giant bug queen thing and it bounced off her bug exoskeleton thing
ZOMG's new name
that thing
I always want to call him Caprice
but that's not right
hits the bug thing
you know what it is, so let's just pretend I typed it
yeah
so, the beam thing bounces off the bug thing and it breaks ANOTHER ceiling

Zomgling - Yesterday at 10:33 PM
Carapace

Fuzzyfurvert - Yesterday at 10:33 PM
Canterlot is like NASA with its ceilings
yes
that
bug armor
shkin
bug thing
Carapace

Cereal

Fuzzyfurvert - Yesterday at 10:34 PM

Cara Pace

no

not cereal

Applejak is ceral

not bug

Or

she is a bug

like a weeval

Succubus - Yesterday at 10:35 PM

What if Applejak is bug?

Fuzzyfurvert - Yesterday at 10:35 PM

that eats apples

she could be

I don't write the show

Succubus - Yesterday at 10:35 PM

Yes

Because this follows the show(edited)

Fuzzyfurvert - Yesterday at 10:35 PM

apple jack is in the future

with Flurry hEART is Law

before the final ship was sailed

she was flung to the future

that was what happened

last thime

with horse wives

but this is about now lesbians

not later lesbians

Zomgling - Yesterday at 10:37 PM

@bubbleboom please tell me you're recording this

Fuzzyfurvert - Yesterday at 10:37 PM

the Now Lesbains of Canterlasbien City were figithing

in the halls of the castle

and a coulps of floors?

cuz of all the ceilings

but they were just dust in the pocket book of an accountant
who is a boring lesbian
so instead, we focus on the chick that just showed up?
Twiloiht
Twiligjht
twilight
there

Succubus - Yesterday at 10:39 PM
Cereal

Fuzzyfurvert - Yesterday at 10:39 PM
she was here
np
she was not surreal
she was sparkle
RTwiligjht the destroyer of villians and shit
she came to destroy the Quuen Chrips
the bug one
anyway
she broked a ceiling that was a floor
but like a floor from her pov
not a ceilimng like it was to all the pony el;se

bubbleboom - Yesterday at 10:40 PM
I recorded asking him what he was going to write about, around 3 shots in.

Fuzzyfurvert - Yesterday at 10:40 PM
but she came in and there was pinke too.
I can feel it in my elbows
I am now 6 shots

Succubus - Yesterday at 10:41 PM
Like a revolver
But with booze

Fuzzyfurvert - Yesterday at 10:41 PM
my fingers are a little bumd
numv
munv
numb
that

bubbleboom - Yesterday at 10:42 PM
don't burp on me tonight, mkay?

Fuzzyfurvert - Yesterday at 10:42 PM
i burpoed
I XCANout feel my face
where were swe?

bubbleboom - Yesterday at 10:43 PM
tiny horses

Fuzzyfurvert - Yesterday at 10:43 PM
thank you
so Twilight screamed. "Stop that.
"Chrysalips said "NOOOO!"
aND then she did the magic beam thing too but it was like abig beam and Twilight doged it cux
she is very flexible
Celesflut blushed. So did Lundance
cus she is here to
I think?
let me school yupo

Zomgling - Yesterday at 10:45 PM
I sense that this is going to somehow end with an orgy

Pearple Prose - Yesterday at 10:45 PM
What are you recording?

Fuzzyfurvert - Yesterday at 10:46 PM
Yes

Succubus - Yesterday at 10:46 PM
I want this to end with cereal

Fuzzyfurvert - Yesterday at 10:46 PM
Caduna was here

Pearple Prose - Yesterday at 10:46 PM
Kakuna

Fuzzyfurvert - Yesterday at 10:46 PM
She was nor cereal either

something less burny would be good

Succubus - Yesterday at 10:46 PM

What if we're all cereal?

Fuzzyfurvert - Yesterday at 10:47 PM

kalua?

the stuff with the creme

it's tasty

so

I keep saying so

sorry

so

anyway

there was a twilight?

Oh yES she did the thing

dodgees

doggees

dogos

like a shrimpy doggo she jumped in air out of the way

bubbleboom - Yesterday at 10:49 PM

@Pearple Prose I recorded Fuzzy on video asking him what he was writing

he's not really speaking in sentences anymore

mostly giggles

and gestures

Fuzzyfurvert - Yesterday at 10:49 PM

and the beam DIDnot blow u[another ceiling! I bet yopu thought it was going to) But no. I

remenberbered that Twilight already blewed them up a few chapters ago

and so it just cept going?

Like the end of Portal 2 where the shot just gets to the moon like hella quick and opens a portal? But without the portal

Luna was pisshited

So Caduna yelled at Chrylseae and shot a bunck of magic that was no t mems

beams\

beans

she shot magic shit at Chysalis and for plot reasons it worked or somerthing and pissed off giant bug lady horse. So she squashed Caduna like a bug cux that would be ironixc and unexpected and that;s the kinda story Fuxxzs writes

I swear I an mot screwing up the spelling on purpose

I am jusdrt off a litte

and my fat ass fingers keepghotsting over other keys

which reminds me
I lost more weight
\
the doctor said so
whoo
anyway

Succubus - Yesterday at 10:55 PM
I'm laughing so hard
I'm imagining Fuzz chasing Bubble for the bottle now

bubbleboom - Yesterday at 10:57 PM
There's definitely no chasing involved.
