

## CTCS Summer Reading 2025: 5th Grade Project

### ScrapBOOKIt: Complete for Either 5th Grade Summer Reading Title

You will be creating ONE scrapbook page for only one of the required Grade 5 summer reading titles. Here are the instructions for the project:

1. Use a 12 X 12 piece of scrapbook paper. If we all have the same size paper, we can bind it into a scrapbook album for future 5th graders!
2. You can choose to do your scrapbook page on a particular scene, chapter, or character in the book, or you can do it over the whole book! You must give your scrapbook page a **HEADING**, though, so the reader will know what selection you have chosen.
3. You must have at least **TWO** pictures on your scrapbook page and a printed explanation of the pictures (why you chose them) on the page.
4. Your pictures may be drawn and colored, magazine cut-outs, computer-generated (colored, please), or stickers. Just about anything is acceptable!
5. Be sure to check your punctuation and spelling ... you want to start with a good impression, right?

Have a fun summer and happy reading!
