Orange County Registrar of Voters
Attn: Neal Kelly
1300 South Grand Avenue, Building C
Santa Ana, CA 92705

Dear Mr. Kelly,

On behalf of the Democratic Party of Orange County and the 640,000 registered voters in Orange County that we represent, I urge you to investigate recent reports of California GOP paid staff promoting the Republican Party's filing cabinets as "official ballot drop boxes" in Orange County.

The Democratic Party of Orange County stands up for integrity, decency, and free and fair elections. These should be nonpartisan values.

More than ever, voters need trust in our election system. To let these egregious violations of the law go unchecked, particularly before election day on November 3rd, sends a dangerous message to political operatives who may be bent on exploiting the voters' trust.

I urge you to investigate these matters swiftly and, where appropriate, to prosecute criminal activity to the fullest extent of the law. Please keep us updated of your progress. I can be reached at ada@ocdemocrats.org and (714) 634-3367.

In unity,

Ada Briceño
Chair, Democratic Party of Orange County
Democratic National Committee Member

cc: California Secretary of State Alex Padilla
California Attorney General Xavier Becerra
Orange County District Attorney Todd Spitzer
