PROJECT EVALUATION: What preparation was involved? What was done at the project? Was the project successful? Should we do the project again? Please feel free to add any other information. Please write on the back of this paper! ☺

The members picked up a package from Mrs. Sato's house, the packages consisted of the fabric and the stencils that were needed to make the blanket. The members then took the materials and completed the blankets on their own time and dropped the finished blankets off at Mrs. Sato's house. This project was successful and should also be continued.
