Cost Factors

The cost of cannabis products can vary depending on several factors. Product type is one of the primary considerations, as flower, edibles, vapes, and concentrates may differ in price based on category and production methods. Products with higher THC or CBD levels may also have different pricing structures depending on potency and formulation.

Brand quality can also influence pricing. Some premium products may cost more due to cultivation methods, production standards, or specialized product characteristics. Quantity is another important factor, as larger purchases generally increase the overall transaction amount while sometimes providing better value on a per-unit basis.

Promotions and special offers can also affect final pricing. Customers interested in maximizing value should ask staff about available deals and current product offerings during their visit.

Is Walk-In Service Available?

Yes. Customers can visit the store during regular business hours and browse products without scheduling an appointment. Walk-in service is available for eligible adults who present valid identification.

Same-day purchases are available, allowing customers to select products and complete transactions during their visit.

Legal Compliance and Age Requirements

Cannabis is legal in Ontario for adults aged 19 and older. Customers must present valid government-issued identification before entering the purchasing area and completing transactions.

The Woods Cannabis follows all applicable provincial regulations regarding cannabis retail operations, product sales, and age verification procedures. These standards help create a safe and compliant environment for customers.
