

Course Change

Department: Math

The why for this proposal:

This course is currently offered at Benton Community HS. The change for this is to allow juniors who are counseled to take this course to have the opportunity.

CAREER AND TECHNICAL MATH

11-12

1 credit unit (2 quarters)

Prerequisite: Geometry

- Career and Technical Math is a course designed to better prepare students for a 1-2 year college experience or for the world of work. The components of the class are as follows: a review of basic mathematics (whole numbers, fractions, mixed numbers, decimals, percentages, ratios, and proportions), converting different units of measure (standard and/or metric), and applications in career and technical math.
