

MEMBER OF THE MONTH – SEPTEMBER 2022

ANNI & NOODLES KELLEY-DAY

How did you hear about Pacifica Runners?

I've lived Pacifica for 14 years and had seen the group out on runs but recently rediscovered the group through Facebook.

How long have you been a runner?

I started track in junior high and did track and cross country in high school. In high school I was part of relay race, 100 women each running 1 mile and we still hold the world record to this day!

How did you get into running?

My mom was a big runner when I was growing up, we even won the mother-daughter division at our local race a few times!

Do you have a favorite race(s)?

My favorite race was the Big Sur Marathon. I was living in Colorado at the time and training at altitude so coming down to race at sea level was a big advantage. That was my first and only marathon so far.

What are your favorite running trails/routes?

My favorite place to run is along the ocean in Pacifica.

What are your future running goals?

To stay active and enjoy the wonderful running community.

What do you enjoy most about Pacifica Runners?

I have really enjoyed the pub runs this summer! It's been so great getting to know more people in my community.

Any other cool info about yourself?

I have had Noodles since she was a puppy, and she's turning 14 in December! Her mom was a Bergamasco, an Italian breed of sheepdog that has a matted mop like coat and her dad was a mystery dog. She loves socializing and has really enjoyed being part of the running club and making new friends.
