

RESCISSION PACKAGE

Call your representative. Tell them: *“We know what this is. We will not accept a bait-and-switch. Do NOT approve any rescission packages that target humanitarian aid or critical public programs.”*

 If you don't know who your rep is:

Go to house.gov/representatives

Or senate.gov/senators

Look them up and call.

We need to flood their phones and let them know: We are watching.

Sample Call Script for Viewers to Use

“Hi, my name is [Your Name] and I'm a constituent in [Your City / Zip Code].

I'm calling because I want Representative [Name] / Senator [Name] to oppose any rescission package that would take back funds already passed by Congress especially for humanitarian aid, climate programs, and essential public services. This is a bait-and-switch on the American people. We are paying attention, and we will hold you accountable. Do not approve these cuts. Thank you.”
