

Privacy Policy

Please be sure to read carefully about the collection, use and protection of user information of “Picture Book Story”:

Personal information

1.1 When you download and use the “Picture Book Story” mobile application, most application departments do not require you to provide any personal information. However, a few applications require an email address. Used to register an account, as the unique ID of the user.

1.2 When collecting the above information, we will obtain your consent and will not force the provision of the above information. If you object to the provision of the above information, it will not affect the normal use of “Picture Book Story” mobile applications.

1.3 In the process of collecting and using the above personal information, we promise not to disclose or disclose the personal information of users without authorization.

User behavior information

2.1 When you download and use the “Picture Book Story” mobile application, the application will collect user behavior information, such as operating time, frequency of use, and commonly used functions. These data are used by us to collect user habits and popular features to help us continuously improve our products and services.

2.2 User behavior information will exist and be used as the overall profile data of the user group, and there will be no association between behavior information and specific users.

User equipment information

3.1 In order to continuously optimize the product experience on your device, our application collects the following non-personalized information:

Operating system and version

Device model and version

Screen Resolution

3.2 The above information will exist and be used as the overall profile data of the user group, and there will be no association between device information and specific users.

How to deal with the information of minors

We encourage parents or guardians to guide minors to use our products or services. If required by law, we will not collect information from minors without the consent of the guardian. We will only use or disclose information about minors to the extent permitted by law, or in accordance with local laws to obtain the consent of the guardian, or to protect minors. The definition of “minor” should take into account applicable laws and cultural practices of various countries and regions.

If you are the guardian of a minor, please pay attention to whether the minor under your supervision uses our products or services after obtaining your authorization.

Changes to privacy terms

We reserve the right to change this privacy policy, please pay attention to and understand the updated content of this privacy policy.
