☆ **Read all terms of service before initiating!** ☆

☆ TERMS OF SERVICE ☆

- All payment is upfront, through Paypal (USD only). No refunds after the sketch process starts.
- Send me an email with all references and description for your drawing, poses, lighting, facial expressions, everything, as much as you can.
- A sketch will be sent to you for approval, after that, I'll start rendering, all changes to the **structure of the drawing**, pose and lighting angle of choice for example, will be made **before** rendering, not after. At the end of the process, you will receive a .png file in high resolution of your commission (Reminder: All files will be sent via WeTransfer, that way I can have a receipt confirming that the client received all files)
- Prices are base prices, anything like background, props, extra characters, changes to the final picture, etc, will receive additional fee, including the complexity of the drawing.
- You are not allowed to claim my work as yours or use the drawing for commercial purposes (Ask me for commercial use beforehand).
- I might refuse a commission request if I am not capable of doing it or if I don't feel comfortable with it. (Always ask if I can draw something specifically)
- If I made a mistake in the drawing or forgot to add something stated earlier by you, please, be kind and tell me and I will fix it.
- I have the right to post the commission in my portfolio and social media, unless if it's a private commission.
- Usually I take from 2 to 4 weeks to finish a commission, depending on complexity, but it can be way faster than that sometimes. If something happens along the way, I will notify you immediately.
- Client **will receive digital goods**, there's no shipping of any products.

☆ THANK YOU ☆
