

American Studies 1
Unit 1-Colonial America
The Original 13 Colonies

Task: Take the information that you researched, and write a fictional dialogue with your partner between a British settler of your colony and a Native American explaining who you are, why you are there, what you would like to see happen, and what your intentions are.

A. As a reminder, here are the original questions that you attempted to answer:

British colonists:

1. What makes the colony of _____ unique or different from the other colonies?
2. Why were “settlers” attracted to this particular colony?
3. What was life like in this particular colony?
4. What did people do for work in this colony?
5. Can you find specific actual people as examples?

Native Americans:

1. What are the specific tribes that lived in your colony?
2. What makes the tribe or tribes unique?
3. How does this tribe live and survive?
4. Did the tribe have any problems or conflicts with British settlers?

B. Create a google document with your partner that includes the dialogue, and submit it on google classroom when you are done.
