SET UP YOUR SPACEHEY

For anyone interested in setting up a Spacehey who doesn't yet have one, here are some resources for you:

1. [Link to Spacehey](#)
2. [How to set up your Spacehey / intro to Spacehey](#)
3. [How to Edit your Spacehey Profile](#)
4. [Spacehey forum with more information](#)

We used to be able to use Imgur to add images to Spacehey. Imgur is no longer working. You can use Flickr and I'm sure there are other free image hosting sites out there you can use.

There is also an issue with the fonts through google apparently. I haven't found an alternative yet but you might find something in the Spacehey forums.
