Life Calendar – Week Wallpaper

Effective Date: March 16, 2026

Package: com.my.life.calendar.wallpaper

1. Introduction

Welcome to Life Calendar – Week Wallpaper. We respect your privacy and are fully committed to protecting the personal information you share with us. This Privacy Policy explains what information we collect, how we use it, and what choices you have regarding your data.

By using this application, you agree to the practices described in this Privacy Policy. If you do not agree with any part of this policy, please discontinue use of the app.

2. Information We Collect

2.1 Information You Provide

When you first set up the app, you may enter the following information:

- Your name
- Your date of birth
- Your preferred life expectancy
- Goal titles, descriptions, start dates, and end dates
- Milestone titles, types (anniversary, birthday, baby, custom), and dates

This information is stored exclusively on your device using local storage (SharedPreferences and Room Database). It is never transmitted to our servers or any external party.

2.2 Information Collected Automatically

The app itself does not collect any analytics, crash reports, or usage data. However, our third-party advertising partner Google AdMob may automatically collect certain information to serve ads. This may include:

- Device identifiers (such as Advertising ID)
- IP address and approximate location
- Device type, operating system, and language
- App usage and interaction data related to ads
- Network information

This data is collected and processed by Google in accordance with Google's Privacy Policy. We do not have direct access to this data.

3. How We Use Your Information

We use the information you provide solely to deliver the app's core features:

- To generate your personalized Life Calendar wallpaper showing your weeks lived
- To generate Year Calendar wallpapers showing day-by-day progress
- To create Goal Calendar wallpapers displaying your goal timelines
- To build Milestone Timeline wallpapers for anniversaries, birthdays, and other events
- To display your age, weeks lived, and life progress on the main dashboard
- To auto-update your wallpaper daily when the feature is enabled

We do not use your personal information for marketing, profiling, or any purpose beyond what is described above.

4. Data Storage & Security

All personal data you enter — including your name, date of birth, goals, and milestones — is stored locally on your device only. This means:

- Your data never leaves your phone
- We have no servers that store your personal information
- No account or sign-up is required to use this app
- No cloud backup of your personal data is performed by us
- If you uninstall the app, all your data is permanently deleted from your device

We take reasonable technical precautions to protect your data within the app. However, the security of data stored on your device also depends on your device's own security measures (such as screen lock and device encryption).

5. Third-Party Services

5.1 Google AdMob

Life Calendar – Week Wallpaper uses Google AdMob to display advertisements. AdMob is a mobile advertising service provided by Google LLC. To serve relevant ads, AdMob may collect and process data from your device, including your Advertising ID.

You can opt out of personalized advertising by adjusting your device settings:

- Android: Go to Settings > Google > Ads > Opt out of Ads Personalization

For more information about how Google uses data from apps that use its services, please visit: <https://policies.google.com/privacy>

5.2 Google Play Services

The app operates on Android devices through Google Play Services. Google Play Services may collect certain information as part of standard Android and Google infrastructure. This is governed by Google's Privacy Policy.

6. App Permissions

The app requests the following Android permissions:

- SET_WALLPAPER — Required to set the generated image as your device wallpaper
- WRITE_EXTERNAL_STORAGE — Required on older Android versions (API 28 and below) to save wallpaper images
- READ_EXTERNAL_STORAGE — Required on older Android versions (API 32 and below) to read saved images
- RECEIVE_BOOT_COMPLETED — Required to reschedule the daily wallpaper update after your device restarts
- SCHEDULE_EXACT_ALARM — Required to set a precise daily alarm for automatic wallpaper refresh
- POST_NOTIFICATIONS — Required on Android 13+ to show a notification when the daily wallpaper update runs
- INTERNET — Required for Google AdMob to load and display advertisements

No permission is used for any purpose other than what is described above.

7. Children's Privacy

Life Calendar – Week Wallpaper is not directed at children under the age of 13. We do not knowingly collect any personal information from children under 13. If you are a parent or

guardian and believe your child has provided us with personal information, please contact us and we will take steps to delete such information.

8. Data Sharing & Disclosure

We do not sell, trade, rent, or share your personal information with any third parties, except in the following limited circumstances:

- Google AdMob, as described in Section 5, for the purpose of displaying ads
- If required by law, court order, or governmental authority
- To protect the safety, rights, or property of our users or the public

We do not share your name, date of birth, goals, or milestones with anyone — these remain entirely on your device.

9. Your Rights & Choices

You have full control over your data:

- Access — You can view all your data directly within the app at any time
- Deletion — You can delete individual goals or milestones from within the app, or uninstall the app to delete all data
- Ad Personalization — You can opt out of personalized ads through your Android device settings
- Permissions — You can revoke any app permission through your device's Settings > Apps menu

Since all your personal data is stored locally, there is no need to contact us to access or delete it — you can do it directly from your device.

10. Changes to This Privacy Policy

We may update this Privacy Policy from time to time to reflect changes in our practices or applicable laws. When we update this policy, we will revise the Effective Date at the top of this document and publish the updated policy. We encourage you to review this policy periodically.

Continued use of the app after any changes to this Privacy Policy constitutes your acceptance of the updated policy.
