Ohio Mock Trial offers an innovative approach to learning the law and how our legal system functions. Guided by teachers and volunteer legal advisors, students participate in an original, unscripted simulated trial written by attorneys. High school students argue both sides of the case in real courtrooms across the state. The state finals are held in the Ohio Statehouse and the winner advances to the national competition.

Each year volunteer attorneys create an original case around a current constitutional issue important to students. Mock Trial teams work with an attorney or a judge to prepare their case – from both the plaintiff and defense perspective. Competitions at the district, regional and state levels are conducted in an actual courtroom and are scored by panels of lawyers and judges.
