

1.

Hello, Anup, it's Friday;

I can help you with writing content on cryptocurrency, blockchain, and NFTs.

You'll get all of the 10 articles completely revised and done within a week or 10 days. Time can be negotiated as per your preference.

I've provided you with two samples above.

Can we discuss the budget of this project because you've demanded 10 articles which are 20000 words worth 200\$(if I provide you 2k words per article)? And your budget is 40\$. Please elaborate.

Looking forward to hearing from you;

2.

Hello!

I can write detailed and witty product descriptions for the products you've mentioned. The article will be researched wholly and reference sites will be mentioned wherever needed.

I am interested in this project in long term.

There will be no grammar mistakes. The article will be reviewed up to 3 times.

Can you please share a link to your website? I'd love to see it.

Looking forward to create product descriptions for you;

3.

Hello!

I can be the nutritionist copywriter you're looking for.

I'd love to proceed further with you from working on oxalates to common food intolerances.

The structure of the article will be flawlessly stitched as you've mentioned.

The article will be distributed into different aspects. The reader will not be bored by reading the article and will instantly find what he is looking for (INSTANTLY).

I'll add Citations and links to valid sources as per your requirement.

Can we discuss the total extent of this project?

Thanks;

4.

Hey!

I can create supreme articles, blog posts, landing page content, and additional marketing content for you.

I'd like to support your local and small business clients.

I am a proficient researcher and I will research topics as required by you.

Content will be specially optimized for a particular audience as cited by you.

I have primary IT experience so this project is skillful for me.

Can we discuss the deadline and total extent of this project?

Cheers,
