## Quarterly and Retroactive Compensation Request for Astar Ecosystem Agent Contributions – Dr Cao

### 1. Short description

I'm Dr Cao, an Astar Network Ecosystem Agent, and I seek retroactive funding for my work and contributions as an Ecosystem Agent over the past 3 months (July 2025 - Sep 2025). During this period, I mainly engage in the following activities. Category: CC, SM, CM, EM. I was traveling in the summer, but come back and will be more active from Sep. 2025.

### 2. Agent Information

**Name:**

**Contact Details:**

- Email: [ahjxcrcz@gmail.com](mailto:ahjxcrcz@gmail.com)
- Telegram: [@ahjxcrcz](https://t.me/ahjxcrcz)
- Discord: [dr.cao](#)

SDN Wallet Address:

[akBsuDRUzk9hRxiLRdQTcFsgsHoa5PvWQuPVjrEK6zkLU3X](#)

**Region Represented:** China

**Agent Program Type:** General Agent

波卡“变天”？DOT通胀终结计划：总量上限、类比特币减半机制、生态最新进展全面解读！  
Hydration, Astar, Bifrost, Acala等等  
摘要

本期视频，曹博士带来波卡（Polkadot）近期最重磅的更新：社区提出为DOT设置总量上限（2.1 Billion），并引入类似比特币的“减半”式通胀控制机制，每两年降低一次通胀，首个时间点定在2026...

波卡有救了，astar是不是也有救了

## 7. Future Plans

The mission to grow and empower the Chinese-speaking community within the Astar and Soneium ecosystems is essential for expanding global adoption. Through AIWeb3's platform, educational outreach, and active community leadership, I aim to enhance engagement, support builders, and promote long-term ecosystem value.

### Community Expansion and Engagement

| Initiative                      | Future Plans                                                                                                        |
|---------------------------------|---------------------------------------------------------------------------------------------------------------------|
| Growth of the Chinese community | Expand reach via Chinese AIWeb3 Telegram, Discord, and WeChat channels; organize onboarding sessions for new users. |

|                                  |                                                                                                                        |
|----------------------------------|------------------------------------------------------------------------------------------------------------------------|
| AIWeb3 community                 | Strengthen AIWeb3's presence as a content and community hub for Astar and Soneium in China.                            |
| SONEX Chinese Ambassador Program | Lead and grow the ambassador team to cover more educational content, AMA sessions, and regional outreach.              |
| Daily/weekly engagement          | Host discussions, answer questions, and keep the community informed with Astar and Soneium updates in native language. |

---

## Content Creation and Education

| Initiative           | Description                                                                                                                    |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Official content hub | Leverage <a href="https://y.aiweb3.org">y.aiweb3.org</a> to curate, publish, and reward high-quality Chinese-language content. |
| Reward mechanism     | Integrate Astar token-based incentives for creators contributing to educational videos, articles, and tutorials.               |
| Community spotlight  | Feature valuable contributions and share across Twitter and Telegram to amplify community voices.                              |
| Translation support  | Translate Astar/Soneium official updates, announcements, and technical guides into Chinese.                                    |

---

## Events and Ecosystem Promotion

| Initiative                          | Description                                                                                                     |
|-------------------------------------|-----------------------------------------------------------------------------------------------------------------|
| Twitter/X Spaces                    | Host regular Chinese Twitter Spaces with project founders, developers, and ambassadors from Astar and Soneium.  |
| Ecosystem showcase                  | Highlight innovative dApps and partners building on Soneium and Astar, encouraging user trials and feedback.    |
| Cross-project collaboration         | Support and co-host events with other projects in the Astar/Soneium ecosystem (e.g. NFTs, DeFi, infra tooling). |
| Local university/community outreach | Engage with students and local dev circles to introduce Astar and Web3 careers.                                 |
