

How to Send Cases to Zenith Dental Lab

Lab Name: Zenith Dental Labs

Email:  cases@zenithdental.co.uk

Preferred File Types: STL, PLY, OBJ (open files)

Smilecloud ID: Zenith Dental Labs

3 Shape (TRIOS / Communicate)

1. Open **3Shape Communicate**
2. Go to **Connections** → **Add Connection**
3. Search for **Zenith Dental Labs** or enter **cases@zenithdental.co.uk**
4. Click **Connect** and wait for approval.
5. When creating a new case, select **Zenith Dental Labs** from your list.
6. Attach scans, photos, and any instructions.

 *Tip:* You can attach Smile Design images, Rx forms, or screenshots from Smilecloud.

Dentsply DS Core

1. Log in to **DS Core**
 2. Go to **Partners / Labs** → **Invite Partner**
 3. Add **cases@zenithdental.co.uk**
 4. Once accepted, select **Zenith Dental Labs** for new cases.
 5. Upload scans and include patient/restoration details.
-

Medit Link

1. Open **Medit Link**
2. Go to **Partners** → **Add Partner**
3. Search for **Zenith Dental Labs** or use **cases@zenithdental.co.uk**
4. Once the connection is approved, send through **Case Box** → **New Case**
5. Attach scans, photos, and design requests.

4 Carestream (CS Connect)

1. Log in to **CS Connect**
2. Go to **My Partners** → **Add Partner**
3. Enter **cases@zenithdental.co.uk**
4. Choose **Zenith Dental Labs** when submitting your case.
5. Attach STL files, notes, and photos.

5 iTero (MyAligntech Portal)

1. Open your **iTero Scanner or Align Doctor Portal**
2. Select **Find Lab** → **Search by Name or Email**
3. Enter **Zenith Dental Labs** or **cases@zenithdental.co.uk**
4. Select us as your preferred lab.

💡 *If not listed, export the scan as **STL** and email it to us directly.*

6 Smilecloud

1. Log in to your **Smilecloud account** → www.smilecloud.com
2. Go to **Collaborations** → **Share Case**
3. Search for **Zenith Dental Labs** and add us as a collaborator.
4. Upload your:
 - Intraoral scans
 - Face scans (if applicable)
 - Smile design setup or mock-up
 - Patient photos
5. Add your notes or comments in the case chat.
6. Click **Share** — we'll receive the case instantly on our end.

💡 *Smilecloud is ideal for aesthetic, implant, and smile design workflows — allowing real-time visual feedback and shade/shape communication.*

7 Email (for Any Scanner or Exported STL Files)

If you prefer manual submission, send directly to:

 cases@zenithdental.co.uk

Please include:

- Patient name/reference
- Restoration type (e.g., crown, veneer, implant, etc.)
- Shade details
- Turnaround time
- STL/PLY attachments or WeTransfer / Dropbox link

8 Optional: Photos & Reference Files

Include if relevant:

- Pre-op / post-op photos
- Smile design references
- Shade tab photos
- Bite registrations or wax-up scans

Tips for Smooth & Fast Processing

- Always check occlusion and margin capture before sending.
- Ensure correct upper/lower and bite alignment.
- Use **open file formats** (STL or PLY).
- Mention if *urgent* in the message or file name.
- Send detailed notes for complex or aesthetic cases.
