

DISCUSS AND DESIGN YOUR UNIFORM AND DORM HERE

Discuss it amongst yourselves in here, and when you have a final design for both figured out, write it out clearly at the top and ping one of the mods with it!

Tentative writeup (please feel free to add in anything or say if you don't want anything!):

OUTFITS:

Girls: The girls outfit has lots of layers so as to appeal to all of the women of Dawon. It comes with a long-sleeved undershirt and comfortable leggings in a matching color. The overshirt is a thicker material, a sleeveless button-up with a ribbed turtleneck collar and long armwarmers, both in Dawon orange-peach. The matching colored skirt is thigh-length and has a ribbed edge to it, and it comes with poofy layers that can be added underneath to give it any extra fluff that might be desired. The boots are calf-length and also come in Dawon orange-peach. Overall looking something like [this](http://oi60.tinypic.com/289s47.jpg). It comes with a [sunhat](http://i.imgur.com/7kACdn2.jpg) and a [kangeroo hoodie](http://ecx.images-amazon.com/images/I/81OZuBVKq0L._SL1500_.jpg) if it gets cold.

Boys: The boys outfit is simple but manages to stand out all the time. It comes with a white V-neck undershirt and thick tennis shoes. It has a [jacket](http://25.media.tumblr.com/tumblr_mchypie0L51r6c2k5o2_1280.jpg) in a beige-brown, and magnificent [dawon colored pants](http://24.media.tumblr.com/tumblr_lxe349pNSW1ggigkpo1_500.jpg). Accessory is a fabulous light scarf in the same pattern as the pants.

DORM

Main room: The main room is not unlike walking into a jungle. There are big, leafy potted plants all over the main room and a lazy river going down the middle of it. The floor is tiled and has nice thick rugs laid out under the furniture. There are sturdy vines dangling down from the ceiling that make it easier to cross over the lazy river, or swing anywhere around the room really. The couches and chairs are all made out of wood, but the cushions are comfortable enough to bounce around on. [Rock pillows](http://inthralld.com/wp-content/uploads/2012/03/Livingstones-Rock-Pillows-2.jpg) are scattered on the couches and on the floor. There are stairs and a dumbwaiter that lead up to the floors above. At the flip of a switch the stairs can convert into a slide to easily glide down on, which also serves to keep any unwanted guests out of the upper floors. The walls are decorated with appropriately thematic pictures of animals and maybe a few people. On the wall opposite of the kitchen area there is a bookshelf, currently devoid of books but containing various little trinkets; little animal statues, fake binoculars, glass paperweights shaped like gems, and fake rolled-up maps. Turning one of the statues sideways reveals a secret doorway that swings open into the mirror room, which has all of the mirrors in a half-circle room.

Kitchen: The kitchen is [mostly stone](http://i.imgur.com/cP6okvK.jpg) and not particularly advanced; it comes with a stone oven and a grill for cooking on, as well as a little icebox to help keep things cool. It is a very open room with a nice view of the main room; you can easily swing right from the main room into the kitchen. There is a long wooden picnic table for eating on, as well as a small island area for a smaller group to sit. There is a large window on one side that has a nice view of a jungle area.

Bathroom: The bathroom, like the kitchen, is [mostly covered in stone](http://i.imgur.com/dMaMBdT.jpg). The tub has [tiger paws](http://i.imgur.com/blOK5h2.jpg) for supports; it is round and large enough to fit six or seven people in it, kind of like a hot tub. One side of the bathroom also has a [waterfall shower](http://i.imgur.com/gpeiiqy.jpg) if no one is into having a huge tub to swim in. There are three small sinks (as in the initial picture) with a small round mirror hanging above each of them.

Bedrooms: There are two bedroom levels, with three bedrooms on each level. The rooms are separated by [partitions](http://i.imgur.com/Ah9p6ar.jpg) that can be moved aside to create a more open space, and can be moved back into place while people are changing.

The bedroom areas are wide open with a [similar jungle theme](http://2.bp.blogspot.com/-PDVpQkt2Tbs/UmfCFLitjLI/AAAAAAAAQkl/97wUcnEsQl8/s1600/tropical%2Bjungle%2Bthemed%2Bbedroom-kids%2Btheme%2Bbed%2Btarzan%2Bstyle.jpg) to them; there is one bed for each person as depicted, and more rock pillows in the spaces underneath each bed.

i know whatever we end up with someone (yuko) is gonna want some sort of fluffy skirt...

HI THIS IS ELLIE, Anna would be good with a dress or skirt I think. Boots sound good too if they will be doing lots of walking etc.

HELLO THIS IS GIGI your patron is fine with p much anything as long as the dorm design has as few stairs/ladders as possible :|a they are not very kind to snakes and also the uniforms designs being cute

as far as dorms go, what would your characters/you prefer? we can do bathroom, kitchen, bedrooms, main room, etc

i'm browsing tumblr and dropping these off as ideas/inspiration/w/e but the final designs are up to you guys

AN EXTRA OUTFIT SUGGESTION for cuteness and comfiness that hopefully appeals to our range of ladies: <http://oi44.tinypic.com/2sbmm2r.jpg>

Comes with boots and leggings and colors can be altered or whatnot. We can also say it comes with layers to make the skirt poofier for girls who want a poofy skirt? And a kangaroo hoodie if it

gets cold:

(Putting my vote here for organizational purposes) Ellie/Anna's player likes Option 1 and 3, slightly leaning more towards Option 3 + leggings and hat!

http://24.media.tumblr.com/tumblr_lxe349pNSW1qgigkpo1_500.jpg i should probably be punched for those pants but w/e

This is Jake oh god words are already happening....Lys is uncomfortable with finery/fancy clothes so anything without a lot of ruffles and whatnot would be okay. Also she's a major tomboy so oops trying to get pants at some point....ANYWAY I LIKE THE FIRST + THIRD OPTIONS FOR THE GIRLS THE MOST but anything would be workable, she'd just...."re-fashion" the fancier/super girly options into something more comfortable for her. DAPPER PANTS YES

dormsssss: Lys would like a kitchen for sure, because at some point she'll regain cooking skills. Nothing really high-tech I'm guessing, but serviceable. And that sounds good! trying to think of a suitable bedroom-type hrm

Lys grew up in a wooden cabin in a rural village so anything even half a step above that would

be wow amaze. I wanted to ask for a fireplace but barghest has one already. WHAT ABOUT HAMMOCKS FOR BEDS with movable partitions.

poor patron wow, I guess there can't be some fixture to let her avoid all those stairs? SEEMS LEGIT. perfect motivation to win right there.

bathrooms.....regular toilets, really spacious tubs? or some kind of waterfall tub idk trying to think of things that fit in with TIGERS

maybe a jungle-y ish theme? so like, tons of v. leafy potted plants and wooden furniture and ivory decorations and carved tiki knick knacks.

YES A SLIDE can we have a slide. and yes delicious tacky tiger print nonsense. AND DUMBWAITER DOODADS i approve of alla dis.

well we can always do a pants option for the skirt uniforms :|a "ok you can have dapper pants or cute skirts, ladies, take your pick". and for kitchens, something basic for now but they can probably quest to upgrade once cooking skills are regained?

is dawon in one of the towers? the bedrooms could be a big loft style, with movable partions to make separate rooms. WHAT ABOUT HAMMOCK BEDS WITH KINDA TACKY TIGER PRINT BLANKETS AND STUFF in dawon orange ACTUALLY A LOT OF DAWON ORANGE IT IS A TOWER DORM, Dawon and Tiamat are taking up the last two towers.

Wait but can we have a slide. This is important. AHA....and if we wanted to have one of those dumbwaiter things to be ridiculous children who cart their patron up and down like that oh no that's a cute idea

HI IT'S DEBS jasmine would prefer something super easy to move in herself :|a she'd probably take the pants option if it were given to her. ALSO THERE SHOULD BE GIANT FLOPPY HATS she loves giant floppy hats and as for dorms she's... good with super simple but NO MATTER WHAT IT SHOULD BE COLORFUL 'w' also there are ways for patrons to get up and down stairs if they have to and it's not so easy for them to get up and down stairs. PATRON... MAGIC... dawon can win so that kanra can get in and out of the dorm properly--

AARON HERE Colorful is good! Easy to move in is fine as well, tbh Yuko's tastes are like FLUFFY SKIRTS and then slouchy sweatshirts and funny hats so.... we could do a girl's option that has like. leggings underneath the skirt? THEN YOU CAN TAKE THE SKIRT OFF...

I APPROVE OF LEGGINGS UNDER THE SKIRT, everyone wins

Options one and three for the girls look best to me!! With leggings underneath and shoes/boots and a floppy hat sounds good. Dorm-wise something fun to play around in sounds cool, like the slide idea or the dumbwaiter or things to climb/jump around on...lots of bouncy couches or

trampoline rooms??

what about the mirror room? it could be like a side room or s/t with a ~secret entrance~ that opens when a knickknack is moved? SECRET BOOKCASE ENTRANCE is my vote, it's so cliché but also cute. move the totally not suspect tiger mini-statue and enter the mirror room...! with a way to open the bookcase from inside, in case of new teammates?

also can dawon have big floppy sunhats

I SECOND FLOPPY SUNHATS i have icons for that

<http://i.imgur.com/7kACdn2.jpg> FLOPPY HAT if i were mean i would suggest it be dawon orange and thus neon bright omg i love it there could be a big hatrack somewhere near the entrance too

and on the subject of bathrooms <http://i.imgur.com/SfjPVir.jpg> waterfall shower? OH WAIT <http://i.imgur.com/gpeiiqy.jpg> THIS ONE IS COOLER YEEES the bathroom could have a neat stone look to make it look jungle-y <http://i.imgur.com/dMaMBdT.jpg> sorta like this :|a the bathtub can be a soaker-type tub with tiger paws for the supports <http://i.imgur.com/blOK5h2.jpg> see: that omg I fucking love tubs with clawfeet let's do it +1 for all of this bathroom stuff IT LOOKS FABULOUS. There is also a kind of ceramic tile that looks like wood that we could use for flooring so that it LOOKS like wood but doesn't get wet and rot or anything, but the tile in the picture looks nice too.

not suspect tiger mini-statue indeed, and yeah a lever on the inside sounds like a good idea! Bouncy couches has my vote also. And maybe....big balls of yarn just lying around to be played with/used. AND I LIKE FLOPPY HATS

re:bedrooms, there could be two bedroom levels with three bedrooms on each :|a both levels would be open with like folding partitions or something like that to separate them when people are getting changed/going to bed/what have you <http://i.imgur.com/Ah9p6ar.jpg> like those, but patterned to match the rest of the dorm and with frosted glass?

Did we think of anything for beds I HAVE OPTIONS:

If we are trying to keep some kind of jungle theme some of these look like they would work nicely; the mini-castle bed is just because Anna would like a bed like that and it has lots of little cubbies to put junk in.

i approve of these bedroom plans. what are the walls going to be like? just plain paint or will there be pictures/hanging drape things decorative knickknacks all over the walls and cliché tiger paintings pls but will there be a mural of tony the tiger petition for tony the tiger mural in the bathroom the floor can have a tile tiger in the middle of it omfg no one needs tony the tiger watching them pee BUT I LIKE TILE TIGERS

<http://imgur.com/7Miljqi> please this is my favorite painting of a gorilla YELLS YES SOBBING AND CRYING YES GOOD

Jammie here. as the player of the only male character, I really do approve of those stupid pants. Aoba would wear them because he has no taste in fashion whatsoever. I also like the first jacket a lot???? But yeah thank you for those pants they are beautiful in the worst way.

would the pants be dawon orange too. is that a disaster we can put on aoba. god bless orange paisley pants

yes yes it is please orange pants no one in his series can dress for their lives anyway so. GOD BLESS THE PANTS.

THOSE PANTS ARE BEAUTIFUL BLESS YOU
also i agree with everyone in this doc

<http://i.imgur.com/cP6okvK.jpg> would something like this work for a kitchen? stone, less high-tech looking, with a sort of safari/open design? I LIKE IT maybe they could have a stone oven???? that sounds neat! maybe a grill/barbeque thing on top of the instead of a stovetop?

BBQ FOR EVERYONE FOREVER always approve of bbq forever
+1 to the kitchen&BBQ idea IT LOOKS FAB

Main Room: because I only saw vague mentions for it I am giving it it's own header. And bullet points for laziness:

- big leafy potted plants

- maybe slides for coming down from levels and dumbwaiters/fireman poles for going up? We could also be ridiculous and have stairs that turn into slides to KEEP OUT INTRUDERS and also get down faster and help our patron avoid the stairs by flipping a switch.

-Wooden furniture? couches and chairs can be wooden as long as they are very cushy and can be bounced on

-Also this is more for the kitchen but we could do a wooden picnic table for our eating table, like a long one with benches you pull out to sit in (they actually work really well indoors if you have a lot of people sitting down to eat)

-Can we have a lazy river going through the main room is that a thing that can happen

-Lots of pictures?? Anna's item is a picture of Joan of Arc that is going up somewhere ok, what other kinds of pictures do you guys want

-If we are going to continue to be ridiculous we could have vines hanging from the ceiling so that we can swing all over the place on them and use them to swing over the lazy river

-rock pillows for our couches:

<http://inthrallid.com/wp-content/uploads/2012/03/Livingstones-Rock-Pillows-2.jpg>

-And if there is a lazy river we should maybe not have carpet so it doesn't get soaked so tile/ceramic with fluffy rugs sounds aces.

that all sounds so cute aaaaaah

I love all of thisss.
