

*Endangered Animal Choice:*

<i>Habitat</i>	<i>Physical Features (size, color, etc.)</i>	<i>Diet</i>
<i>Predators</i>	<i>Prey</i>	<i>Fun Facts</i>
<i>Population left</i>	<i>Why are they endangered?</i>	<i>How can we help?</i>

## *Final Project*

*Choose one of the projects below*

<i>Create a news video about your endangered species. Include the important facts about the reasons the animal is at risk and what is being done to save the species.</i>	<i>Design a cartoon or comic strip about your endangered species. Teach others what they can do to prevent the species' extinction.</i>	<i>Create a brochure about your species. Include the important information needed under each heading and images to make your pamphlet interesting to the reader.</i>
<i>Write a song or rap about your species sharing the important facts. Be prepared to perform your song or make a recording to share.</i>	<i>Create a slideshow/ powerpoint presenting all the information on your animal and what is being done to save your species, including pictures in your slideshow.</i>	<i>Create a fake social media page about your species. Include a biography, location information, interests, likes, important facts and images. Be creative!</i>
<i>Create a collage about your species. Include images and words that represent each section of your research. This should be an artistic representation only.</i>	<i>Contact an organization working to save your endangered species. Get information on the specific efforts being made and create a poster or other visual representation to share this information with others.</i>	<i>Create a board game to teach about your endangered species. Include important facts and information about the animal and efforts being made to save it from extinction.</i>
