

Hey Friend~  
Lyrics By: Hano

Hey friend~,  
What's that you got in your  
Ha-and

Isn't that what they call  
Ecstasy~

*Insert clattering noises (like pills hitting the ground)*

But I got something better!

Hey friend~,  
Why're you so sad?  
Life is about happiness...  
Isn't it?

Ha!

They tell you,  
Why don't you take this?  
It's candy for people like you and me  
But I got something better!

Hey friend~,  
Why don't you run  
Aw-ay  
From those responsibilities~

They told you,  
I have something just for you!  
Once you use it, it'll give you sweet relief!

Hey friend~,  
Why don't we go  
Back to a  
Simpler tiiiime~

Back when you didn't know calories existed  
Back when you didn't have,

Whatcha call them?

...

Responsibilities~

Hey friend~,  
Who're you talking to?

Hey friend~,  
How come I can't  
...heh...  
See them?

Hey friend~,  
Whatcha wastin' that money for?

Hey friend~,  
Are ya finally  
Gett-ing  
Tired of everyone,  
Telling you,  
What  
To  
Do

Hey friend if your gonna  
Run-Away  
Why don't you bring me with you~?  
*Insert two (or one) gunshot sounds within about a second of each other*

...

*Instrumental ends,*

...

*Insert same clattering noise from before*
