

**SPRING 2022 – do in class WEEK 02 – FEB 15**

**READING #1: Ching, *Building Construction Illustrated* --**

Building + Building Systems      pages 2.02 - 2.04

*The following questions are from pp. 2.02 - 2.04. Please be prepared to discuss your answers next week in class. Your answers may be in note form. Add them to your Notes that you make from the reading.*

1. Are architecture and building construction the same thing? Why or why not?
2. According to Ching, what are some examples of conceptual systems of order?
3. What are 3 examples of physical – or building – systems, and what does each system do for the building? Describe in one sentence for each.
4. List at least 3 examples of each system and what they do.
