(CLAPS As Mickie stands up and waves, shakes hands mouthing “thank you”)

Good afternoon **fellow** citizens of Period 6, thank you for joining us this period for the State of Kingdom for our accomplishments.

I am very much pleased to inform you that currently, **our state of kingdom is strong.**

(claps)

However, it could be so much stronger, we have the potential and with brave man and women in this room today, **we will make it stronger.**

Joined with us here today is **our hero, Shan Ali.**

(Shan stands up and waves) (claps)

We thank him for his very original idea of StockTalk. StockTalk was **made in Period 6!**

No one ever **in the history of P-Ville** has thought of naming the Stock analysis StockTalk.

We would like to thank you, **great Shan Ali**, for your wonderful imagination and the contribution to Period 6.

(claps)

I hope, that you will be inspired by Shan’s greatness and **create, organize, leave something amazing** for the future to come.

Brothers and sisters, we also have made a remarkable improvement from the start of the semester.

On all three terms of the DoE report, Period 6 has had the LEAST number of citizens with zero points among all periods.

At the beginning, there were 6 citizens with zero points. With effort and dedication of our **precious** Period 6 people, in just 3 months, **there is now only ONE citizen with zero point.**

We worked together, and made this possible.

(claps)

With that said, we must remember not to leave that ONE person behind.

Let us **work together** to build a kingdom that **cherishes every single citizen**, for being part of Period 6.

(claps)

We are also in a safe place as of right now with only 35% of wealth for our 5% wealthy citizens.

All citizens of Period 6 need to commit to this to to eliminate the possibility of rubber band stretch.

Fellow citizens, we are also in a very good position for the opening of the stock market.

Unlike period 3, Period 6 has a stockbroker, we have **Kaho Shirakami**.

(Kaho stands up and waves) (claps)

Many have, but she has especially, been involved in making period 6 great, as all citizens should be.

Kaho has passed the rigorous stockbroker exam to achieve her position today.

If **any** citizens are in need of help, go talk to our **kind sister, Kaho**.

(claps)

Thank you. Your presence is very much appreciated.

Furthermore, **we have the SECOND BEST average of 140 points per person.**

This could not have been achieved without the dedication of every citizen.

We must be proud of ourselves for Period 6 climbing way up to being the best as it should be.

However, the rates of **people not doing homework** in this kingdom has been the highest. Not doing homework **has to come to an end**. I don't blame our precious citizens, I blame the leaders who let this happen.

Hour has come to eliminate the amount of UNACCEPTABLE, WRONG, and UNFAIR actions.

Together we will stop it, and we will stop it fast.

(clap)

Overall, period 6 posses **22.7%** of all p-ville wealth today. 4000 points out of 18000 points is not the best, but not the worst.

Let us **unite to defeat period 3, 5, and the craziest of all, period 4.**

TOGETHER WE WILL DEFEAT OTHER PERIODS!!

Thanks to P-Ville citizens that came before us, we are living a comfortable, amazing, GREAT life in P-Ville.

But, **HOW WILL WE BE REMEMBERED? Our greatest accomplishments are still to come.**

Nothing can stand in our way. NO PERIOD can stop period 6.

Time has come to make things right.

PERIOD 6 WILL NEVER BE IGNORANT MOBS.

We must go forward together.

This is our **choice**, our **fate**, our **future**.

We must keep faith in period 6's destiny, must be the hope and promise, and the light and glory among all the citizens of the P-ville.

God bless you. **God bless period 6.**

Thank you.

(claps, stands up)
