

Experience Language Immersion in Valencia's Premier Summer Camps

Our immersive camps offer a perfect blend of language learning, cultural exploration, and fun activities. Give your children an authentic linguistic adventure at Valencia's finest summer camps, where they'll forge friendships with local Spanish children. Make this summer an unforgettable journey for both you and your children.

These highly sought-after programs are in high demand, we've secured limited spots for international students through our partnerships. As some of these camps typically reach capacity by January, **early registration is crucial to guarantee** your child's place.

While **travel medical insurance** is not legally required for short-term stays by US citizens, we have encountered situations where having it saved everyone time, money and stress. We provide a mandatory insurance package for the students who participate in our programs for \$80 per week. If your student needs medical attention, Mar, our local representative, will also assist you in quickly getting to the best hospital.
