

**Ministry of Health of Ukraine  
Bukovinian State Medical University**

**Scientific & Practical Conference with International Participation**

**«MEDICAL SIMULATION - LOOKING INTO THE FUTURE»**

17 February 2023

Chernivtsi

## DEAR COLLEAGUES!

We invite you to take part in the scientific and practical conference with international participation «**MEDICAL SIMULATION – LOOKING INTO THE FUTURE**», which will be held in a mixed (online and offline) mode on February 17, 2023 at the Bukovinian State Medical University. The conference is included in the Register of congresses, symposia, and scientific and practical conferences of the Ministry of Health of Ukraine and the National Academy of Medical Sciences of Ukraine, which will be held in 2023.

---

### **The main scientific and practical directions of the conference:**

- Simulation training technologies for improving quality care and patient safety;
- Simulation training at the undergraduate level;
- Simulation training at the postgraduate level;
- Simulation technologies in the context of distance learning;
- Psychological aspects of simulation training;
- The role of communication skills in simulation training;
- Experience in implementing the objective structured clinical examination;
- Prospects for simulation training.

---

### **Forms of participation in the conference:**

1. Presentation with a report (up to 10 min).
2. Correspondence participation (publication of materials).
3. Listener.

The working languages of the conference are Ukrainian, English. Following the results of the conference, all materials will be published in the proceedings e-book.

---

To participate in the conference and publish abstracts in the proceedings, please send **until February 4, 2023**, at the email address: [simconf2023@bsmu.edu.ua](mailto:simconf2023@bsmu.edu.ua) or registration on the link: <https://docs.google.com/forms/d/e/1FAIpQLSe5JdBJVhcKalWsDpzPgWGiaGA88iLN3teGkb87Yv4StmqPbg/viewform>

1. Application for participation in the conference (the form is attached).
  2. Electronic version of abstract (up to 4 pages, in \* .doc. format).
- Name the file by the last name and initials of the author, for example, Sokorska\_VO.doc.

---

***Abstract requirements:***

- \* Abstracts should be submitted as follows: A4 paper size, 14 pt Times New Roman font, 1.15 line spacing, top, bottom, right margins - 2 cm each, left margin - 2.5 cm.
- \* Maximum length for the abstract is no more than 4 pages.
