

PRIVACY POLICY FOR CONTENT PROOF

Last Updated: 02/13/2026

What We Collect:

Content Proof collects the text content of tweets you post on Twitter/X for backup purposes only.

How We Store It:

All data is stored locally on your device using Chrome's storage API. We do NOT send any data to external servers or third parties.

What We Don't Collect:

- Personal information (name, email, address)
- Passwords or authentication credentials
- Location data
- Browsing history
- Financial information
- Any data from other websites

Data Sharing:

We do not sell, share, or transfer your data to any third parties.

Data Deletion:

You can delete all stored data at any time using the "Clear" button in the extension popup.

Data Security:

All data remains on your local device and is never transmitted externally.
