If you seem to have difficulties with collecting ingredients or with brewing potions, try refreshing your page or keep clicking on the ingredients. Otherwise, try asking the forum.

Ingredient can be found by hunting in the biomes. Specific biomes are listed below. They appear about every 2-10 minutes. You can collect multiples of the same ingredient, and they stack with each other.

List of Known Ingredients (in Alphabetical Order):

Image	Ingredient	Elemental Affinity	Biome	Description	Reacts With
	Alabasta Baca	Magi	Alpine	A pale twig that has delicious berries growing from its small branches. You recall hearing that it can react with glowing critters.	Red Fireflies
	Blue Arum	Ice	Desert	A gorgeous flower with an equally-attractive scent. You recall hearing that it can react with something pink.	Pink Scale
	Bright Ice	Light	Alpine	Frigid ice that gives off a warming glow. You recall hearing that it can react with a grainy substance.	Slow Sand
	Catra Tamca	Death	Forest	A tomato with a deadly secret. You recall hearing that it can react with a plant that doesn't age.	Mivnalsti Jasluni
	Charball Mushroom	Fire	Coast	A puffball mushroom that shoots out a soot-like powder when broken. You recall hearing that it can react with a flame-like plant and a dark, ethereal substance.	Dragon's Breath; Swirling Shadow
	Clinging Zap Vine	Lightning	Jungle	A vine plant that courses with electricity. You recall hearing that it can react with a prickly plant.	Scrub Bottlebrush

	Dragon's Breath	Air	Jungle	A tough plant whose flowers loosely resemble fire. Touching its petals may leave a burn. You recall hearing that it can react with a round fungus and a glowing plant.	Charball Mushroom; Twilit Moss
	Dragon Ocimum	Life	Alpine	A strong herb. You recall hearing that it can react with something fiery.	Flame Lily
	Eucalyptus Flower	Earth	Forest	A pretty flower that produces copious amounts of nectar. You recall hearing it can react with a sticky plant	Mutated Pine Sapling
	Flame Lily	Fire	Volcano	A perennial plant that can spit embers in defense against herbivores. You recall hearing that it can react with a pungent plant.	Dragon Ocimum
	Gem Lily Plant	Earth	Coast	A beautiful flower that grows near the shore. You recall hearing that it can react with a colorless fungus.	White Lace Lichen
	Ice Thyme	Time	Alpine	An herb with sap that freezes on contact. You recall hearing that it can react with a large flower and a grainy substance.	Monkey Cups; Slow Sand
	Leech	Water	Coast	A bloodsucking parasite you try not to let latch onto your skin. You recall hearing that it can react with a multicolored liquid.	Rainbow Water
	Mivnalsti Jasluni	Life	Forest	An onion immune to the effects of time. You recall hearing that it can react with a lethal fruit.	Catra Tamca
	Monkey Cups	Magi	Jungle	A carnivorous pitcher plant. You recall hearing that it can react with a frozen plant.	Ice Thyme

	Mutated Pine Sapling	Water	Forest	A mana-mutated pine sapling that produces excess resin. You recall hearing that it can react with a bright floral plant.	Eucalyptus Flower
	Pink Scale	Life	Desert	A scale from a pink dragon. You recall hearing that it can react with a flower that has dark leaves.	Blue Arum
	Pumpkin	None	Desert	A literal pumpkin. You recall hearing that it can react with glowing critters.	Red Fireflies
	Rainbow Water	Life	Coast	Water that shifts between a myriad of hues, depending on how the light hits it. You recall hearing that it can react with a sparkly substance, a gnarled plant, and a parasite.	Leech; Sparkling Lava; Tanglebracken
	Red Fireflies	None	Volcano	A swarm of lightning bugs that glow a neon red. You recall hearing that they can react with an ordinary plant and a plant that grow red fruit.	Alabasta Baca; Pumpkin
	Roaring Mouseshroom	Earth	Jungle	A mushroom that oddly resembles a mouse. You recall hearing that it can react with a colorless fungus and a sparkly substance.	Sparkling Lava; White Lace Lichen
	Scrub Bottlebrush	Ice	Coast	A coarse plant with icy bristles. You recall hearing that it can react with a dangerous plant.	Clinging Zap Vine
	Slow Sand	Time	Desert	Sand that can slightly distort the flow time. You recall hearing that it can react with something cold, but bright, and a frozen plant.	Bright Ice; Ice Thyme

	Sparkling Lava	Magi	Volcano	Low-temperature lava that has an enchanting shimmer. You recall hearing that it can react with a bizarrely-shaped fungus and multicolored liquid.	Rainbow Water; Roaring Mouseshroom
	Sticky Palm	Death	Jungle	A carnivorous palm leaf. You recall hearing that it can react with a moving plant.	Walking Nepenthes
	Sulfurated Straw Flowers	Dark	Volcano	Stiff, brown flowers that smell like autumn. You recall hearing that they can react with a dark, ethereal substance.	Swirling Shadow
	Swirling Shadow	Dark	Jungle	A mysterious substance that shouldn't be tangible, but is. You recall hearing that it can react with a round fungus and a brittle plant.	Charball Mushroom; Sulfurated Straw Flowers
	Tanglebracken	Magi	Forest	A sharp, twisted plant that glows due to exposure to mana. You recall hearing that it can react with a colorless fungus and a multicolored liquid.	Rainbow Water; White Lace Lichen
	Twilit Moss	Light	Forest	A bioluminescent moss that lights up the forest floors. You recall hearing that it can react with a flame-like plant.	Dragon's Breath
	Walking Nepenthes	Time	Jungle	A mobile, carnivorous plant that feeds on small animals. You recall hearing that it can react with a plant's leaf.	Sticky Palm
