

To Whom It May Concern:

I am excited about applying for the paraprofessional position within your school. I am currently attending college full time to obtain my degree in special education. Being a special education teacher has always been a dream of mine. I have a passion for working with all children, especially children with learning disabilities. My goal is to provide them with compassion, patience, respect, love and the learning tools that they need to become the very best versions of themselves.

Thus far, I have been working full time, attending school full time and have been successful in my classes. I have had the opportunity to complete field experience hours for my class at Albany Elementary where I had the opportunity to work and observe a severe and mild classroom setting. I very much enjoyed my time in both of those classrooms and felt like I was able to learn so much within a short amount of time.

Having the opportunity to work as a paraprofessional in your school would provide me with the hand-on experience and knowledge that I need to be a successful teacher. I would be honored to have the chance to learn from your teachers, staff and students.

Thank you for taking the time to consider my application. I would welcome the opportunity for an interview. Should you have any questions, I can be reached at 765-209-1010 or kamijo91@gmail.com

Sincerely,

Kami Fulkerson
