Message from Mrs. Stebbins to students

April 10, 2020

Hello SATEC students! This is Mrs. Stebbins! I am reaching out to check in and say “hi”. I miss seeing you all everyday and want you to know that we care about you and will support you with your learning.

I would also like to introduce you to my two Golden Retrievers. This is Annie Oakley and Doc Holliday. They are sending you well wishes!

I am asking that all our students follow the PAWS expectations right now.

1) **Personal Best.** I know you have assignments that your teachers have given you to work on at home. Just try your best. That is all I ask.

2) **Act Responsibly.** That means helping out your parents/guardians around the house and with your siblings if they need help. This will be greatly appreciated by your entire family.

3) **Work and Play Safely:** This is so important right now. Stay home and be careful so you don't get hurt. We need you safe right now! Listen to your parents and adults who you are with about this!

4) **Show Kindness.** It is especially important right now to be kind to your parents and your families. You are spending a lot of time together. Do what your parents/guardians ask and don't complain. They care about you and are doing their very best to help you right now.

Make sure you are kind and respectful in all your technology communications too!

Get outside, get fresh air and get some exercise/movement everyday. Annie and Doc love to go for walks and they want you to keep moving too!

We can't wait for you all to be back in the school in the fall for the new school year. Keep trying your best and stay safe!

Your Principal,
Mrs. Stebbins

St. Albans Town Educational Center is a place where all students and staff can be successful academically, socially, and emotionally in a positive, caring, and safe environment that respects individuality and promotes collaboration.
