Tamanu Oil

Discover the skin-revitalizing power of our Tamanu Virgin Carrier Oil from Madagascar. Rich in phospholipids and glycolipids, it protects skin's moisture barrier, promoting a healthy glow. This nourishing oil is perfect for topical application, alone or blended in skin and hair products.

This carrier oil originates from Madagascar, where the fruit (seeds) are handpicked from coastal Tamanu trees, yielding the highest quality oil. With cracked black bark and elliptical, shiny leaves, the Tamanu tree blooms twice annually with fragrant white flowers, later yielding clusters of yellow-skinned spherical fruit.

Botanical Name: Calophyllum Inophyllum

Origin: Madagascar

Extraction Method: Cold Pressed

Processing Type: Unrefined

Color/Consistency: This carrier oil is a dark green to brown viscous liquid. Solid at room temperature. To liquify, heat in a warm water bath.

Aromatic Summary / Note / Strength of Aroma: Tamanu Virgin Madagascar Carrier Oil has a rich, woody, spicy oil scent.

Absorption: Tamanu Virgin Madagascar Carrier Oil absorbs into skin at a moderate pace. After absorption, there is a slight sensation of oiliness remaining on the skin.

Benefits

Rich, Woody, Spicy Scent: The distinct scent of Virgin Tamanu Carrier Oil from Madagascar comes from its natural composition, including terpenoids and other aromatic compounds.

Leaves Skin Smoother and Softer: This carrier oil soothes and diminishes redness, scars, stretch marks, irritation, itchiness, dryness, and peeling, resulting in skin that looks and feels healthier.

Pre- and After-Sun Care: Tamanu Carrier Oil – Virgin (Madagascar)'s nourishing qualities make it perfect for use before and after spending time outdoors, helping to shield the skin from dryness and roughness caused by sun and wind exposure.

Bring Out Hair's Natural Sheen: Tamanu Oil moisturizes hair strands, revealing their natural luster and making them easier to manage.
