MASSIVE Q's the world needed to answer after World War II...

1. Who is to be punished? Should governments & soldiers be punished? How does the world punish them? Would punishing the losing countries set the world back? What do you think this would do to the punished countries?
2. How does the world ensure *another* world war does not happen? Provide a detailed explanation of how you think another world war could be prevented. How can the winning nations ensure the losing nations follow up on “*staying neutral*”? Should the League of Nations be revisited? bb
3. Who will **pay** for the clean up efforts after the war? How should Europe & Asia start rebuilding? Where do they start? What is most important for these nations?

Think about what we read, watched & discussed in class. Put together answers that you would want a government leader to read and propose to the rest of the world. This is tough.
