

### *My grandmother always said...*

if snow stays on the ground more than 3 days, it will snow again soon! Personally, I am not a fan of the white stuff, so I hope she was wrong. It was beautiful for a short time, but it was enough for me. I hope you all enjoyed an extension to the winter break, but I know weather days also cause all kinds of issues for your planning and pacing. If you have an onsite consultant, they will coordinate with you on how to most effectively stay on track with your visits. Let me know if I can be of any assistance.
